LISTING OF CURRENT CLAIMS

Claims 1-5. (Canceled)

Claim 6. (New) A decoration article for a window comprising:

- a) a fixing mount having:
 - i) a horizontal contact plate having at least one fixing hole;
 - ii) a vertical contact plate connected to the horizontal contact plate; and
 - iii) a coupling member connected to the vertical contact plate; and
- b) a decoration unit having:
 - i) a retaining member with a hollow interior and a screw locking hole, the coupling member being removably and slidably inserted in the hollow interior of the retaining member;
 - ii) a decoration piece connected to the retaining member; and
 - iii) a locking screw adjustably inserted into the screw locking hole, wherein, when the coupling member of the fixing mount is slidably inserted into the retaining member of the decoration unit, the locking screw is adjusted to selectively lock the decoration unit to and release the decoration unit from the fixing mount.

Claim 7. (New) The decoration article according to claim 6, wherein the fixing mount is made of a metallic material.

Claim 8. (New) The decoration article according to claim 6, wherein the coupling member is a hollow tube.
